

Research Papers Published by Faculty Members

DEPARTMENT OF MECHANICAL ENGINEERING

Dr. Vidosh Mahate, "Assessment of Environment Impacts and Challenges of Biodiesel Use in Transport Sector of Madhya Pradesh", ICIREMPS 2K17, 4th International Conference on Advances in Engineering Feb, 2017

Santosh Sanodiya, "Simulation and modelling of AL material under Cold forging", ICIREMPS 2017.

Abhimanyu Singh, "A Review on Solar-Biomass hybrid system for cold storage", ICIREMPS 2017.

Praveen Kumar Nigam, "Approaching eco manufacturing in iron and steel industry", ICIREMPS 2017.

Arunesh Kumar Kushwaha, "Improvement of Thermal efficiency of a thermal power plants by reducing the losses" ICIREMPS 2017.

Samrat Bhawsar , " Performance Analysis of total heat energy recovery wheel", ICIREMPS 2017.

Mahate Vidosh, Chaube Alok, Verma Prakash, "Social and environmental viability of biodiesel in India", IISF-Young Scientists' Conclave (YSC), India International Science Festival, CSIR-national Physical laboratory, New Delhi, 7-11 December, 2016
